

Education

"Tudor Vianu" National College of Computer Science

Bucharest, RO

Mathematics and Computer Science - Olympics Class - Intensive CS Level - GPA 9.7/10

Sep 2023 - June 2027

Yale Young Global Scholars 2026 - Information in Science & Technology - only Romanian high school student admitted with financial aid

Awards:

- **Silver Medal** National Olympiad of Digital Creativity InfoEducație 2025 for **OCR230**
- **Bronze Medal** (2024), **Silver Medal** (2026) National IT&C Olympiad

Experience

OCR230

Bucharest, RO

Founder & App developer

Dec 2024 - Present

- App that automates data extraction for NGOs' tax forms, improving time efficiency by 75%. Used by 100+ NGOs, available in MSStore. Helped NGOs receive \$100k+ from people's income tax in support of 120+ kids born prematurely.

Bugetul Romaniei

Bucharest, RO

Developer

Apr 2026 - Present

- Interactive civic tech platform visualizing Romania's state budget using public data. Reached 7,000+ users.
- Featured in [Economedica interview](#) (Dana Ciubotă, 2026)

AdvancedEd Link

Bucharest, RO

Founder Engineer

Oct 2025 - Present

- EdTech startup building a neuroadaptive learning platform, [Harvard President Innovation Challenge 2026 Semifinalist](#)
- Responsible for technical architecture and adaptive practice engine

SC ACROM SRL

Bucharest, RO

Software developer internship

Ian 2025 - Sep 2025

- Improved NLP ticket classifier accuracy by 10% (scikit-learn, TensorFlow), built predictive POS monitoring system
- Neural network analysis for IT security in the HoReCa businesses.

Leadership & Activities

Code Sinaia - Summer Coding Camp - INPROTED 501(c)(3)

Sinaia, RO

Organization, Teaching Assistant

June 2024 - Present

- Coordinated 3 editions for 150+ kids, teaching STEM with hands-on AI & Data Science workshops, deploying a chatbot

National Students Council - Press Office

Romania, RO

Web Developer

Oct 2025 - Present

- Led nationwide coordination of student web development to modernize the Council's digital infrastructure.
- Designed and implemented scalable web solutions supporting communication for 2M+ students across Romania

Romanian Masters of Informatics

Bucharest, RO

Technical Comitee & Web Developer

Oct 2023 - Present

- Coordinated volunteers & logistics for 200+ contestants & leaders.
- Ensured functional servers for competition days, managed the website.

5843 AutoVortex & 19099 HTech Robotics

Bucharest, RO

Programming department

Oct 2023 - June 2025

- Organized 33 events with 1,000+ attendees, secured \$2,000 and 3 new sponsors. Recruited and mentored 25 members.
- Trained high school recruits in Java & Python, implemented autonomy paths for robot. Smart City Award.

Research

AI and Machine Learning: Addressing Social Problems with Dr. Danny Ebanks (Harvard University)

Nov 2025 - Aug 2026

- AI Class Bias in LLM Resume Screening
- End-to-end research pipeline: 10,000 synthetic resumes, conjoint design, OLS/LPM regression analysis, LaTeX paper.
- Key finding: Claude Sonnet showed statistically significant class bias toward employer prestige (AMCE +2.75 pp); Gemini near-zero bias. Presented to Harvard & MIT researchers (Dominic Skinnion).

Publications

"Green Robot: the contribution of technology to environmental conservation" in "Terra is crying, save it"

March, 2025

- Developed an eco-robot prototype using computer vision (OpenCV) and AI to recognize and sort waste, demonstrating how AI-driven robotics can improve recycling efficiency.

"Artificial Intelligence for nature conservation" in "Terra is crying, save it"

March, 2026

- Designed a conceptual framework for intelligent eco-cameras integrating multimodal sensors (vision, audio, motion, temperature) with on-device AI for real-time wildlife monitoring and threat detection.
